I personally could work on my vocabulary by playing Roblox because they have so many words that you will need to remember. In order to remember these words you can just go through your dictionary or the game and see how many words are similar. This is also good for children because they can learn a lot of vocabulary while playing games; this is similar to learning about a new language in school.

Please fix the bug that stops you from playing games and then when you log back in the game glitches and makes it start over again. It makes me very frustrated because I spend a lot of time on this app. So please fix this bug! Roblox is an amazing game but there are some issues with it. My main complaint is that when I play games so many people are rude to others but there's no way to report them or mute them and

this to me makes Roblox not so fun anymore and sometimes boring because everyone else around me is just being mean when they don't have to be. There are so many cool things about the game I don't know where to begin. But the one thing that I love the most is that you can play with your friends and you can talk to them through out the game. Let's just get started shall we? I love this because it's so easy and simple. All you have to do is type in your username or email and it will find your account. Then when you are done playing a game and want to do something else click the log out button and you will be brought back to the main screen like when you first logged into roblox. This makes it easy to restart games or to go back to your profile. The first thing that I noticed right off the bat is that this app is a lot better than the one I had before. Because of this I have my hopes up for the future of roblox and how it will be in the years to come. This app gives you a ton of stuff but it leaves out some stuff so I decided to make a suggestion about fixing bugs and glitches with the app but not just bugs in general. What I really like about the app is that you don't have to rotate your phone. Sometimes when I play on roblox I have to get out of bed and turn my phone around because it's upside down because I was in bed. Thanks for eliminating that problem! This is a new feature for the game and personally I think that it is so much better than the old one. It shows you how many fans, bangs, and people are in each group you are in. This makes it easy to know how active you are on roblox.

Rated 4 out of 5 by Anonymous from AWESOME!! I love ROBLOX SO MUCH! It has all these cool games and places where you can buy stuff. It is a really fun game where you can make friends. Rated 4 out of 5 by Anonymous from Love it I've been playing this since 2021, still playing it today, I would recommend this to people 8-14. Some add ons are pricey but the game overall is great.

The community is somewhat mature. As far as social media goes, I do not personally think that roblox holds much of a candle in terms of maturity when compared to the likes of Twitter or Facebook - but it certainly does not have the childish undertone that you would find on other sites such as Instagram or snapchat either. It has a decent kid-friendly community that is mostly neutral.

The company's Terms of Service forbids developers from using Roblox's data for marketing purposes including allowing developers to sell their own products on the platform. It also prohibits them from using Roblox's data for behavioral advertising such as ad marketing based on the age groups or ethnicity of an individual user. The report by CNBC states that this can be seen in their products where they use this data to serve ads on other sites that are owned by the company.
