ROBLOX's first virtual item was the "Builders Club," which was launched in 2021 and was free to all users. I personally think that the vast majority of Roblox games are for children. There is only a few games that are suitable for adults which were developed in recent years, but there are also a large number of games that have been around for years, and it is still very popular. I don't think there is anyone who has played this game since they were a child, so it's not like people will stop playing because they're unhappy with the newer games.

The site is very buggy due to the fact that user-created games are made in such a way that users can alter almost every aspect of any game. However, this has upsides too as users can fix most bugs themselves. They have often been taken down because they are "offensive". This is hard to believe since the site has been around for nearly 10 years. ROBLOX allows people to advertise on their site for just about any product they want and will let them earn money with it. However, this can be considered a bad thing in some cases, as advertisers can create "scams", such as charging people \$5 dollars to create a game that can only be played by Admins or other users with unusual settings/roles.

On July 10th, 2021 the game was removed from the ROBLOX website and replaced by a non-game item called "Anthem". It is unknown why it was removed. It was revealed that the company decided to release this new version of the game after listening to many negative comments about its original version.[89] On November 23rd 2021, it was announced that the game would be released for free for everyone due to its many issues.
