On May 22, 2021, ROBLOX launched Project Bloks, an app for iOS and Android devices that is aimed towards children 2-12 years old. The app allows users to build various blocks available in the game. Some blocks are also available as virtual items for purchase. The revenue earned from these items is then distributed among the app developers on ROBLOX. The game was first released in Canada, and now has been released in the United States.

[121] ROBLOX is the first online game that allowed players to invite others into their world and even allow them to build things like they used to in PC games. [122] The next games that would allow users to invite others into their worlds were Habbo Hotel where they had their FriendBook and later on also added a FriendChat system in December of 2021, Club Penguin where you could invite fellow penguins into your world, and Mario8 since 2021. Roblox is an incredible game that gives people the opportunity to play in a virtual world that has so many different games, and it's also completely free. In roblox there are many different categories of games you can play, for example you can create your own game, and the possibilities are almost endless. The first thing I was really interested in when I started playing roblox was creating my own avatar which was really fun because you have a lot of options to choose from. You can pick from what hairstyle you want to wear or even what kind of clothes you want to wear. You can also pick how big or small you want your avatar to be, how they look in the mirror and of course what color the hair is. You can even choose if you want them to wear glasses or not.

The site is very buggy due to the fact that user-created games are made in such a way that users can alter almost every aspect of any game. However, this has upsides too as users can fix most bugs themselves. They have often been taken down because they are "offensive". This is hard to believe since the site has been around for nearly 10 years. ROBLOX allows people to advertise on their site for just about any product they want and will let them earn money with it. However, this can be considered a bad thing in some cases, as advertisers can create "scams", such as charging people \$5 dollars to create a game that can only be played by Admins or other users with unusual settings/roles.

Rated 5 out of 5 by Anonymous from I love roblox This game is great! I play it all the time, it helps me a lot with my school work! It also helps me get better at math and reading. We are supposed to have it in our classroom but we only used it for homework so far. The thing that I don't like about this game is that some one really has to tell you what to do. They don't run the servers themselves so they often change things and cut off some features. It's also expensive, but I think it's worth the money.

Rated 5 out of 5 by Anonymous from I love roblox! This game is awesome! It has a lot of cool things to do, you can get characters, build houses in creative, play games in the arcade. There are a lot of things to do in this game. I think you should download it now!! :)
