It is also reported that the staff are biased towards certain users due to friendship rather than any sort of immorality on their parts.

The "ROBLOX" logo was created by the company's CEO and founder David Baszucki in 2021, when he was originally designing the website's layout before it was launched. He designed the logo to look similar to the word "engine" on a train, as he envisioned ROBLOX to be a playground powered by an online community where users could create virtual worlds. The first iteration of the logo consisted of an orange square that displayed three green horizontal stripes, each separated by a white space. The stripes were arranged in a way that would yield nine pixels when all three were equally spaced. A basic version of the logo was used until 2021.

Users can also upload their game and give it ratings on ROBLOX's website. ROBLOX has also allowed users to create art of other games from other developers on YouTube through ROBLOX's brand of accounts created for this purpose. One of the most popular ROBLOX games was "Hacker Escape", which was one of the most visited blogs on ROBLOX prior to 2021. It was a game where the hacker got into an abandoned house, and used numerous exploits to obtain admin privileges, allowing him/her to modify certain aspects of the game. This blog caused heavy controversy in 2021 because it allowed hackers to manipulate and change the settings on their games without consent from ROBLOX. However, after the release of version 1.0, this blog became outdated because developers started using hacks in their games that had not been discovered yet. In May 2021, ROBLOX launched a new blog system to replace the previous one, this paid-for feature was created by Epic Events Inc.

I have always had problems with this game and there are many other people who do too. Like the fact that you can't change your name when your in a group with a lot of people and it makes me very mad when I can't change it because I feel like I am stuck with the name that I have. This also happens when one of my friends gets on my head and they change their name to a bad word which makes me really mad because if someone else was in the group with us then they would be able to see that bad word in big letters. It also makes me mad for a different reason because I really like my name. Anyway, I hope these bugs get fixed in ROBLOX or the next update of ROBLOX.
